## DEATH OF A SPOUSE OR DEPENDENT

If someone covered on your health plan passes away, please notify WEA Trust of the death. With the death of a primary member, coverage options may be available to the surviving spouse. Contact the Human Resources department of the employer for additional information.

After a death, spouses covered under the

WEA Trust MedPlus plan are able to continue their coverage but will receive a new ID number. Please inform us of any bank account or address changes.
