

WEAtrust

Mayo Clinic Health System Network Directory

A DIRECTORY OF PROVIDERS FOR
WEA TRUST MEMBERS

Information About Your Provider Network

IMPORTANT NOTE: The providers listed in this directory are available to participants in the Mayo Clinic Health System Network. The information in this directory was current at the time of printing. However, because providers can change addresses or new providers may join the network, please use our Find a Doctor search feature at weatrust.com for our most current listing of providers.

If you decide to receive care from a non-participating provider, we strongly recommend you contact our Customer Service Department to learn more about any financial implications of receiving care outside the Network. Our Customer Service Department can be reached at (800) 279-4000.

What is the Mayo Clinic Health System Network?

The Mayo Clinic Health System Network is made up of providers who have agreed to provide covered services to WEA Trust participants at agreed-upon prices.

Why should you see a provider in the Mayo Clinic Health System Network?

When you receive services from the providers listed in this directory, you'll enjoy the following advantages:

- Fewer out-of-pocket expenses. We have negotiated fee agreements with Network providers, and they have agreed to accept those fees as payment in full. Members are still responsible for coinsurance, copayments, and deductibles where applicable.
- Reduce the risk of medical necessity disputes. Our contracts with Network providers give us added leverage to resolve many medical necessity and appropriateness issues that may arise. If you have such a dispute with a Network provider, please contact us and we will attempt to resolve the issue on your behalf.
- Faster claims processing. Claims from Network providers are sent directly to us for priority processing and prompt payment.

Do I have to use a provider who is in the Network?

No, you are not required to receive services from Network providers. However, the advantages listed above are only available through Network providers. If you receive services from a non-network provider, you will be responsible for any charges above our maximum allowable fee and may have additional out-of-pocket expenses. Refer to your benefit summary for specific information on our reimbursement for services received from non-network providers. You will also be responsible for charges associated with services that we deem to be excessive, inappropriate, or not medically necessary.

Mayo Clinic Health System Plan Notice to Enrollees

You are strongly encouraged to contact us to verify the status of the providers involved in your care including, for example, the anesthesiologist, radiologist, pathologist, facility, clinic or laboratory, when scheduling appointments or elective procedures to determine whether each provider is a participating or nonparticipating provider. Such information may assist in your selection of provider(s) and will likely affect the level of co-payment, deductible and amount of co-insurance applicable to the care you receive. The information contained in this directory may change during your plan year. Please contact 800-279-4000 to learn more about the participating providers in your network and the implications, including financial, if you decide to receive your care from nonparticipating providers.

Whom do I call if I have questions?

If you have questions, call the WEA Trust at (800) 279-4000 or (608) 276-4000, and a member of our staff will be available to assist you.
