IYC MEDICARE PLUS from WEA Trust

WEA TRUST: THE PUBLIC EMPLOYEE CHOICE FOR OVER 45 YEARS

The WEA Trust health plan joined the State of Wisconsin Group Health Insurance Program in 2011. With a well-known reputation for outstanding customer service since 1970, WEA Trust quickly grew within the program to become the largest insurer outside of Dane County.

Instead of phone trees, being stuck on hold and automated calls, at WEA Trust you talk to a real person located here in Wisconsin every time—with no waiting. We pride ourselves on our high touch, personalized customer service, and our members love it too. Plus, the average tenure of our customer service representatives is eight years. You simply can't find that level of knowledge and experience in an automated phone tree.

Enroll in the IYC Medicare Plus plan today! Just submit your health insurance application to the Department of Employee Trust Funds, or enroll on the MyETF Benefits portal at etf.wi.gov.

LOW BACK PAIN PROGRAM HELP FOR YOUR ACHING BACK

TELEHEALTH OFFERS YOU MORE OPTIONS IN 2019

With our always-available telehealth service, you can have a face-to-face conversation with a doctor anywhere you have an internet connection. In 2019, this option is available with \$0 copayment for IYC Medicare Plus members.

So don't worry about finding a parking spot, driving in the snow or needing to schedule days ahead, a video doctor visit is just moments away—perfect for minor conditions such as seasonal flu, bug bites, or strep throat.

Our telehealth service also offers scheduled therapy visits with a psychologist or therapist—all from the comfort of your own home.

In the United States, about 30% of adults every year experience low back pain, often causing them to miss time with friends and family.

The WEA Trust Low Back Pain Program, powered by Kiiio™, offers an easy and convenient tool to help you manage your low back pain. Whether you have chronic pain or just woke up on the wrong side of the bed, our program is designed to strengthen your back and decrease your pain.

Our program uses a free mobile app that digitally coaches you through a sequence of exercise routines designed specifically for you based on your specific kind of low back pain. The program is accessible 24/7 on your tablet or smartphone device. And our Harmony Care Nurses are able to track your progress and assist if you have any questions.
