& Programs' CancerCARE

# WEA Trust + CancerCARE Program

Fighting cancer is something you should never have to do alone. At the Trust, we have worked hard to research and partner with experts to give you a cancer program that is focused on providing you and your family the highest quality care possible. This specialized care starts when you first suspect you may have cancer and will continue through the end of your journey.

Our program, WEA Trust + CancerCARE, in partnership with INTERLINK, will provide you access to oncology experts who will work closely with you and your doctor to ensure you receive the highest quality, evidence-based treatment for your condition.

## UNDERSTANDING HOW CANCER CAN AFFECT YOU, YOUR FAMILY OR FRIENDS

According to the National Cancer Institute, the number of new cancer cases will rise to 22 million within the next two decades. Whether you, a friend or a loved one are diagnosed with cancer, it's important to understand the diagnosis, treatment

and have a program there to support you.

If you or a family member are faced with this life changing diagnosis, WEA Trust is here to offer our full support during this difficult journey.

### Why WEA Trust + CancerCARE?

#### **CUSTOMIZED PLAN**

Each treatment plan that is developed is designed specifically for you, based on your specific situation and diagnosis. Our expert oncology nurses review and monitor all treatment plans and cater your care to you.

#### **EVIDENCE-BASED CARE**

Our access to Centers of Excellence combined with knowledge of the most up-to-date research will ensure you are receiving the most precise evaluation prior to the start of any treatment. This helps protect you from being misdiagnosed or staged inappropriately, which often leads to mistreatment or a delay in appropriate care. Complex cases are managed in coordination with leading oncology providers to provide the highest quality care and most advanced treatment plans.

#### **SUPPORT**

Whether you need guidance on your cancer treatment, help managing other chronic conditions or simply need to talk to someone who understands what you're going through, our oncology nurse experts not only provide you top patient management but personal support.

## How it Works

### MEMBER ENGAGEMENT

Early notification and registration into the WEA Trust CancerCARE Program

### FACT FINDING

Clinical fact gathering and the most precise evaluation prior to the start of any treatment

### PHARMACY REVIEW

Affordable and quality treatment and pharmacy care

### CENTERS OF EXCELLENCE

Accessing the top facilities for high-risk or misdiagnosed cancers

### ONCOLOGY NURSE EXPERTS

Ongoing support, guidance and education

### TREATMENT REVIEWS

Top quality guidelines and evidence-based data consistently ensuring your treatment plan is right for you

### TREATMENT

Whether your treatment is in a community hospital or Center of Excellence, you will receive premier, top quality care

## How to Get Started

Registering for the WEA Trust CancerCARE program is confidential and convenient.

To learn more about the program visit [www.WEATrust/CancerCare](http://www.WEATrust/CancerCare) or if you have a diagnosis of cancer, call our Customer Service team at 800.279.4000, and they will connect you with an INTERLINK specialist to answer any questions you may have and enroll you in the program.

As always, if you have any additional questions, feel free to call our experienced Customer Service team at 800.279.4000.
